***Are you a Freshman interested in space as a career?***

***Check out NASA's College Freshmen Intern Program at Goddard Space Flight Center, Greenbelt, MD***

- *One of the largest organizations of scientists and engineers committed to the research and exploration of space*
- *Noted for its record of having launched a space mission every 63 days for more than 20 years*
- *Innovator of nearly 40 patents over the last 5 years that impact our daily lives*

***As a CFIP participant, you'll have the opportunity to***

- *Expand your knowledge of NASA and careers in the space program*
- *Work on a NASA instrument for a space mission (The LISA Observatory)*
- *Participate in future NASA internships*
- *Establish a mentoring relationship throughout your collegiate and professional career*

***NASA Goddard Space Flight Center will be inviting 16 college freshmen to participate in the College Freshmen Intern Program (CFIP). CFIP is a 2-week pilot program designed to attract college freshmen who demonstrate a strong interest and ability in science, technology, engineering, and math (STEM). CFIP is intended to be a feeder program to other intern/coop programs at NASA/Goddard. The program dates are June 6 - June 17. Students must provide their own housing and transportation to and from NASA/Goddard.***

***Application Deadline: March 4, 2005  
To apply, visit our website at***
